SUPERINTENDENT'S ANNUAL REPORT

To the Dorchester School Board:

Hereby submitted is my annual report as your Superintendent of schools.

This necessarily will be brief as very little can be said that has not already been said in the last report. Insofar as I can determine, your children from Dorchester are still doing well and are happy in Canaan. I am concerned somewhat with the boys and girls not continuing in high school once they have completed Grade 8 and I urge all parents to do everything in their power to see that their children go on and graduate from high school.

Transportation of the pupils to and from Canaan is still working out satisfactorily. I wish that there was some way that the day could be shortened but at this writing, I do not see how this can be possible.

As problems arise concerning your children and their education, please feel free to contact me at any time for advice or counsel.

Respectfully Submitted,

M. WAYNE BOWIE

Explanation of Superintendent's Salary

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent as per the following quotation:

"Reports. Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union".

One half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1956-1957 received a salary of \$6150 which was made up as follows: \$2500 paid from the per capita tax and \$3650 prorated among the several school districts. Allowance of \$900 for travel within the union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

District	Salary	Travel
Campton	\$ 685.84	\$ 169.11
Dorchester	52.19	12.87
Plymouth	1,267.28	312.48
Rumney	525.24	129.51
Thornton	287.62	70.92
Wentworth	170.09	41.94
Woodstock	661.74	163.17

Superintendent's salary for 1956-1957 based on the above figure is reconciled as follows: \$3650 paid by the various districts, plus \$2500 received from State per capita tax, equals \$6150 superintendent's basic salary. This, plus \$900 travel allowance as indicated above totals \$7050 — amount received from State Treasurer for salary and travel of Superintendent of Schools.

Respectfully submitted,

M. WAYNE BOWIE,

Superintendent of Schools
